The 40 Reasons Workshop during Council's Social Gathering of former and current Board and staff members in the lead up to the anniversary dinner

Chairperson's Me<mark>ssage</mark>

Another year has gone by and what a year it has been!

2019 is particularly special as we celebrate forty years of Arab Council Australia.

We celebrated this milestone in style on Saturday, 9 November 2019 and I am honoured to have taken part in what was a memorable experience. The 40th Anniversary Dinner was a full house event attended by distinguished guests, sponsors, current and former Board members and staff and friends of Council. Some of the organisation's decades of achievements were highlighted on the night and can be found in the pages of the special section of this report.

The success of the event is a credit to all involved from current and former Board members who donated hours of work. Their dedication and commitment are indicative of the loyalty that Council inspires and I thank everyone who contributed.

Council continues day after day and year after year to research, assess and plan to further meet the needs of our community. This year was no different.

Council's collaborations, partnerships and joint projects with various agencies and communities are thriving to better address the needs and demands of the community we serve.

Existing and relatively newly funded services such as the Support Coordination and the Gateway NDIS service, the AwarAbility and the From the Ground Up to Equality projects are only some of several that are achieving their goals in reaching and meeting the needs of people in the community.

As planned, Council's staff are now all based under the one roof. After two years of operating from two separate locations, the reunited workforce provides a more cohesive environment which only strengthens service delivery. For the first time since inception, Council is not based in Bankstown, however clients have transitioned smoothly to the Fairfield East office. As always, outreach services continue as needed.

In closing, I would like to acknowledge Council's staff for their work and dedication throughout the year. Council's achievements have much to do with their day to day work in the community. I would also like to thank them for their active efforts before, during and behind the scenes at the anniversary dinner.

I would like to express my gratitude, appreciation and thanks to my fellow Board members for their support and camaraderie at all times. Their enthusiasm and commitment to Council and the community are remarkable.

Last but not least, as was formally and fittingly acknowledged at the Council's 40th anniversary dinner, I would like to thank the CEO, Ms Randa Kattan for her continuous commitment, and for her leadership and management of everything 'Council'.

As we conclude the 40^{th} year of Council, I take this opportunity to wish this organisation, staff, members and friends great success for 2020 and for the next 40 years.

Chief Executive Officer

This year, Arab Council Australia celebrates 40 years of service to the community. Though it has been a remarkable and eventful year for the organisation, I will allow the key achievements in the pages following to speak of our activities and focus instead on Council's 40th Anniversary.

Our Story – the story of Arab Council Australia – is the story of the Arab community in Australia.

Arab Australians have been here since early colonisation but it wasn't until the 1970's that there was a dramatic increase in migrants from non-European countries including the Arab world. What followed was a boom in the establishment of services coming from these emerging communities, and Arab Council Australia was one of those organisations.

It's been a long and eventful journey. We started in Bankstown when a small group of forward thinking community workers came together with the shared the vision of migrants from Arab nations settling in Australia working collaboratively.

In 1979, the first Arab secular organisation in Australia came to be.

Back then, it was known as the Arabic Welfare Interagency, and after several iterations it is today Arab Council Australia – which most of us simply refer to as Council.

Over the years, Council has succeeded in achieving many firsts; so many moments – that everyone connected with this organisation is proud of. The challenges that we met head on; the consistent commitment to social justice, welfare, community and human rights that informed and guided our work. All is reflected in everything that Council has initiated, participated or driven since that original vision took hold.

Reaching 40 and staying relevant doesn't happen by accident. It takes an incredible amount of hard work, determination and vigilance, fighting through disappointments and standing up even when it's not the popular thing to do. Through all the potholes, Council remained unwavering, guided by some very strong principles:

- · Non sectarianism and respect for difference
- · Secularism and progressive values
- Embracing our common humanity
- Social justice and human rights for the many parts of our community and beyond.

Council is renowned for bringing people together from within and outside the community and across sectors. The preparation for the anniversary event provided an occasion for 40 years of Council's board, staff, members and friends to gather and determine how to appropriately honour this organisation.

At this gathering, we asked those connected in the past and present of Council – Why Arab Council Australia? What is it about this organisation that inspires loyalty, dedication and commitment? What is it that has kept people connected? We wanted forty reasons for the occasion and they came up with one hundred! These formed the forty reasons found in this report alongside forty moments of Council's history and work.

Council is fortunate to have the support of many individuals and organisations. For this, I say thank you to all: to our members for your ongoing commitment; to our funding bodies for your confidence and for providing us with the capacity to support and service the community; to the media for promoting our services and causes; and to the many individuals and organisations we work with, I thank you for your openness to collaborate, to innovate and to advocate for inclusion, social justice and human rights.

To the families and people that we meet every day, thank you for trusting us with your stories and struggles, and your hopes for a better future. You continue to inspire and drive us to do better. It is because of you that we do what we do.

ACA 2019	ANNUAL	REPORT	page 7

It would have been very difficult to do justice in honouring this organisation at our 40 year Anniversary Celebration Dinner if it wasn't for the support and commitment of our event sponsors. So, thank you to our Principal Sponsors: Settlement Services International, Sydney Local Health District and Uniting and our Major Sponsors: ACON, Ethnic Communities Council of NSW, Multicultural NSW, NSW Organ and Tissue Donation Service, Unions NSW and Western Sydney University. Thank you also to Canterbury Bankstown Council for supporting the video production.

This organisation cannot serve the community without the commitment of our staff, volunteers and interns. My thanks go to each intern, volunteer and staff member past and present for their professionalism, hard work and dedication. It is your engagement with the community and the care and dedication that you approach your work that has shaped the organisation into what it is today.

I offer deep gratitude to the Chairperson, Ms Mary Shalhoub as well as past and present Board members. You have taken time out of your busy lives to give back to the community. I thank each and every one of you for your commitment to this organisation and its values. Council's standing in the community as a leading, inclusive and progressive organisation is a credit to you all.

I have been with this organisation as the CEO for half of its life and like everyone who is connected to Council, I feel so much pride that we have reached this most significant milestone in such great form.

We have accomplished much in the 40 years and supported many in the community to move forward in strength and confidence. This anniversary has been a time of reflection of the journey that has found us here. We recalled memories big and small and reflected on the bumps and highs along the road and the inevitable "are we there yet"?

We may have looked to our past but our sight remains firmly fixed on an inclusive and just future. We know that we're not there yet; but in Council, we have a solid foundation from which we can get closer to "there". And that too is something to celebrate.

Key Achievements

The Strategic Plan 2016-2020 is the articulation of Council's vision and direction in promoting inclusion and social justice. The activities outlined in this report reflect Council's achievements against the strategic plan. The goals have been used below to align the activities undertaken by during the 2018-2019 reporting period.

Goal 1: Wellbeing

Promote well-functioning, healthy, productive, caring, and safe individuals, families and communities.

This Strategic Goal encompasses working with specific client groups in need and where Council can play an increased role, such as supporting women and children who are victims of domestic and family violence and/or supporting migrants and refugees. It also includes a focus on expanding Council's role in the ageing, disability and mental health space. It is envisaged that this will be achieved by expanding outreach services through new partnerships and locations. Council undertook research and planning to provide support to various groups within the community to assist them to lead well-functioning and healthy lives.

Domestic and Family Violence

Domestic and Family Violence (DFV) is found across all cultures, ages and socio-economic groups with the majority of those experiencing these forms of violence are women. However, there is an increase in the vulnerability of women from newly arrived groups including Arabic speaking migrants and refugees as they often originate from nations where gendered drivers of violence against women

is commonplace. The gendered drivers that have been identified include (but are not limited to): men's control of decision making, limitations on women's independence, rigid gender roles and stereotyped constructs of masculinity and femininity, control of family finances and social condoning of DFV.

Council continued to provide direct support to families, women and children experiencing domestic violence through the Family Support Service, as well as building on previous research and community-based projects to develop programs that address and challenge gender inequality.

From the Ground Up to Equality: Council commenced implementation of the threeyear project to achieve positive change in gender equitable attitudes within the Arabic speaking community. Funded by Women NSW through the Family and Community Services, this project will develop an Arabic specific prevention and strengths-based program for women and men, highlighting aspects within Arab culture to promote gender equality. Currently in the co-design process, the project has engaged a reference group and conducted a series of workshops with community leaders along with stakeholders from government and non-government organisations.

People with a Disability

As well as providing social and service support to people with disability and mental health issues and their carers, Council commenced its two-year awareness raising project to increase community access to services as well as challenge the misconceptions around the experience of disability and mental health issues.

Refugee Employment Support Program (RESP)

is an initiative of the NSW Government managed by the NSW Department of Industry. RESP seeks to address the challenges experienced by refugees and asylum seekers in finding long-term skilled employment opportunities. In partnership with Settlement Services International (SSI), Council's RESP is tailored to Arabic speaking background people from Western Sydney with the long-term goal of attaining sustainable employment. RESP is currently in the second phase, facilitating client sessions and registration of suitable candidates into the program.

Older People

Council continues to provide a number of services to support older people from Arabic speaking backgrounds, and their carers. Goal 2: Inclusion and Social Justice

Promote inclusion and social justice, access and equal opportunities for all.

This Strategic Goal focuses on increasing the participation of groups to engage in the community. This includes a strong focus on assisting young people to exercise leadership and guide them through educational pathways. It also focuses on newly arrived refugees, humanitarian entrants and migrants and their settlement needs. Importantly, this goal also works towards inclusion by combatting exclusionary factors such as racism and discrimination.

Equality and Inclusion

Throughout the year, Council worked with other groups and organisations to promote equality for all people in the community. Council continued to participate in programs and professional development forums with service providers on recognising the need for and adopting culturally sensitive practices. Consistent with our values, policies and longstanding work for human rights, equality and social justice for all, Council continued to stand up for equality and joined with other organisations to form the South West Sydney Inclusive Community Network.

As well as continuing to actively address areas of discrimination based on race and sexuality, this year Council launched two major projects that seek to address discrimination of women and people living with disability or mental health issues. The From the Ground Up to Equality project is working directly with the community to develop and ultimately deliver a program that addresses gendered inequality. With a view to increase inclusion and access to services the AwarAbility project is taking on a similar strength-based approach in developing and delivering a program for the Arabic speaking community to address the myths and ultimate stigmatisation of people in the community living with mental health issues or disability.

Goal 3: Poverty Relief

Alleviate poverty and promote greater equity for those in need.

This Strategic Goal aims to alleviate poverty through raising awareness of the disadvantage experienced by the Arabic speaking community as well as through the provision of direct measures to assist families and people experiencing financial hardship.

Council continued to deliver emergency relief services including the Energy Accounts Payment Assistance (EAPA) Scheme. Working in collaboration with House of Sadaqa, Good 360 Australia and Dandelion, Council was able to facilitate the provision of essential household furniture, appliances and other available goods to low income families and people facing financial hardships. Treasurer's Repo<mark>rt</mark>

I am pleased to present Council's Audit Report for the 2019 Financial Year. This report provides a true and fair view of our financial position and performance for this period, and has been prepared in accordance with Australian Accounting Standards. It includes the Auditor's Certificate, Balance Sheet, Income and Expenditure and Cash flow statements in addition to Notes that form part of the accounts.

We have continued to effectively manage all approved funds for our projects, which provide essential resources for the community through our organisation. All project funds have been expended in accordance with funding guidelines and have been acquitted.

At the date of issue of these financial statements, we have sufficient grounds to believe that Council is in a position to pay its debts as and when they fall due.

I thank all our funding bodies and government departments for their continued support and for recognising Council's significant work in the community.

My thanks to our administration staff for their dedication and continuous commitment in undertaking Council's day-to-day tasks. I also would like to thank our Accountant Mr George Silvino for his reliable advice and support, and our Auditor Mr Edward Chahoud for finalising the audits.

I extend my appreciation to the Chairperson, Ms Mary Shalhoub, my fellow Board members, Council's

staff and volunteers for their hard work and loyalty and for consistently meeting the demands of their roles.

This year, Council has achieved a most significant milestone – forty years of solid service to the community. We have grown and diversified our services and programs and achieved outstanding results for the community, all whilst facing challenges head on.

The milestones continue to grow, brick by brick, building on the legacy of Council. And who else would be the "point of gravity" but our CEO, Randa Kattan, whose dedication and hard work has fortified the retaining wall that holds up the structure that is Council. Randa's visionary approach and tireless efforts continue to shape our organisation. The unique and fitting honouring of Council's 40th anniversary conceived and driven by Randa is but one of many glorious examples.

I look forward to the continued growth of our services to the community as we step into the next decade of Council.

ARAB COUNCIL AUSTRALIA INC ABN 65 538 322 175

NOTES TO & FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED 30TH JUNE 2019

NOTE 1. Statement of Accounting Policies

This special purpose financial report was prepared for distribution to the members to fulfill the Board's financial reporting requirements under the **Arab Council Australia Inc.** constitution and the Associations Incorporation Act 2009 (NSW).

The accounting policies used in the preparation of this report, as described below, are consistent with the financial reporting requirements of the **Arab Council Australia Inc**. constitution and with previous years and are, in the opinion of the Board, appropriate to meet the needs of members:

- (a) The financial report was prepared on a modified accrual basis of accounting, including the historical cost convention and the going concern assumption.
- (b) The requirements of accounting standards and other professional reporting requirements in Australia do not have mandatory applicability to **Arab Council Australia Inc**. because it is not a 'reporting entity'. The Board has, however, prepared the financial report in accordance with Australian accounting standards.

Fixed Assets are expensed fully in the financial year they are paid for.

A provision has been made in these Accounts for Statutory conferred employees' entitlements.
